Professional Summary

Junior Software Developer with hands-on experience in full-stack development, cloud-based solutions, and **AI-driven applications**. Skilled in **Python, React, TypeScript**, and **Django**, with strong knowledge of **CI/CD** pipelines, **cloud functions**, and **API integrations**. Proven track record of delivering production-ready applications, collaborating in **Agile teams**, and managing project **lifecycles** end-to-end.

EXPERIENCE

Software Developer

Zing Dev Limited | London

July 2024 – September 2025, London, United Kingdom

During my placement year at Zing, I experienced significant technical and professional growth while contributing to both client and internal projects. I trained in **Agile methodologies, TypeScript, React**, and **Twilio**, and worked with clients including **AgeUK, IBEW, NRC, BMW, Red Cross, Jaja Finance, Humanity Link, GBS, MSI**, and **NLRC**. Alongside development work, I contributed to initiatives such as the Zing Check-In Bot, Zing Docs, and the Planning Poker rebranding, while also assisting with **client support** and **intern recruitment**. My main work at Zing is as follows:

- Delivered solutions across front-end and back-end using **React, Node.js, TypeScript, Twilio Studio, AWS Lambda**, and **Azure Functions**.
- Implemented **CI/CD pipelines** and **automated testing** to ensure quality and stable releases.
- Built integrations with **third-party APIs** (Twilio, SendGrid, Monday.com, GraphQL) for CRM and communication platforms.
- Collaborated in cross-functional **Agile teams**, participating in **sprint ceremonies, code reviews**, and **client demos**.
- Identified, **debugged**, and **resolved** defects in both production and staging, maintaining system reliability.
- Created and maintained internal and client documentation to support long-term maintainability.
- Worked directly with **clients** and **stakeholders** to gather requirements, demonstrate progress, and iterate on **deliverables** based on real-time feedback.
- Provided **monitoring** and **support** for client systems, resolving **cases** and **tickets** to maintain service uptime.
- Actively involved in **recruitment**, conducting technical assessments and mentoring interns.

Night Auditor

IBIS London Heathrow

November 2022 – June 2024, London, United Kingdom

- My experience as a Night Auditor equipped me with a unique set of skills and experiences where I have developed transferable skills in **attention to detail, time management**, and **customer service**.
- Throughout my tenure at Ibis, I performed several daily tasks like Balancing **Financial Transaction, Posting Room Charges, Generating Reports, Managing Reservations, Guest Inquiries** and **Requests, Problem Resolution** and **Administrative Tasks**.
- Supported shift operations independently, balancing administrative and guest-facing responsibilities.

Front End Web Developer Intern

Disha

March 2022 – July 2022, India

- Built responsive, interactive web interfaces using **HTML, CSS, JavaScript**, and **React.js**.
- Collaborated with designers and back-end developers to deliver seamless user experiences.
- Built Enhancing interactivity and user experience with **React.js** and Maintaining clean, efficient, documented code.
- Awarded **Best Intern of the Year** for technical contribution and teamwork.

PROJECTS

Jarvis AI Assistant

Personal Project

May 2025 – In progress

- Developed a **Python-based voice and text assistant** integrating **Groq AI** for intelligent Q&A.
- Implemented system-level commands for **app control, time queries**, and **web navigation**.
- Added **speech recognition** and **text-to-speech** for natural interaction.
- Extensible design for integrating **APIs** (weather, news, reminders) and advanced workflows.
- Future roadmap includes a dedicated **desktop UI**, cross-platform packaging, and **public deployment**.

Coding Blog

Personal Project

May 2024 – May 2024

- Developed a **React + TypeScript** coding blog with **Vite** and **Bootstrap** for componentized, responsive layouts.
- Integrated the **GitHub REST API** to fetch Markdown-based posts with **tags, filters, and search**.
- Implemented **syntax highlighting, dark mode, and mobile-friendly UI**.
- Automated deployment using **GitHub Actions** to **GitHub Pages**.

Oaxaca Restaurant

Personal Project

February 2024 - April 2024

- Built a **full-stack restaurant management system** with **Django, Bootstrap, and SQLite**.
- Developed role-based dashboards for **customers, waiters, and chefs**.
- Added features for **menu browsing, ordering, table booking, and stock/order management**.
- Secured authentication with **hashed passwords** and custom roles.
- Deployed using **Gunicorn and WhiteNoise** with production-ready config.

EDUCATION

Bachelors in Computer Science

Royal Holloway University of London • Egham, United Kingdom • 2026

Diploma in Front-End Web Development

Disha Technology • India • 2022

Senior Secondary Education

Arya Nation School • Haryana, India • 2020

CERTIFICATIONS

Diploma in Front-End Web Development

March 2022 – July 2022, India

Disha Technology

SKILLS

Core Development: HTML, CSS, JavaScript, TypeScript, React, Angular, Node.js, Django, Python, SQL.

Cloud & DevOps: AWS Lambda, Azure Functions, GitHub Actions (CI/CD), Docker (basic), WhiteNoise, Gunicorn.

APIs & Tools: GraphQL, Twilio, SendGrid, Monday.com, Groq AI.

Other: Bootstrap, GitHub, Networking, Operating Systems, AI platforms (Kling AI, Invideo, Runway).

Soft Skills: Agile Methodologies, Team Work, Project Coordination, Problem-Solving, Communication, Self-Starter, Organized, Multitasking, Customer Service, Leadership.
